Subject: AAMC Webinar Recording Available: Preparing for the AAMC Standardized Video Interview, Information for Applicants, Advisors and Clerkship Directors

The AAMC recently hosted a webinar, *Preparing for the AAMC Standardized Video Interview: A Webinar for Applicants, Advisors, and Clerkship Directors* to share resources and information to help applicants and their advisors prepare for the SVI as we approach residency application season. If you or someone you know was unable to attend the webinar, please share this recording with applicants and colleagues supporting applicants interested in applying to emergency medicine:

<https://students-residents.aamc.org/applying-residency/article/svi-webinar-archive/>

We'd also like to remind you of the following **free** resources available to help applicants prepare for the Standardized Video Interview (SVI):

- [SVI Essentials for the ERAS 2019 Season](#), the official policy and procedure guide for the Standardized Video Interview
- [AAMC Standardized Video Interview: Applicant Preparation Guide](#), a guide with details on the format of the SVI, sample questions, and tips for applicant preparation;
- [Sample SVI Questions, a set of](#) example SVI questions for each of the two competencies assessed by the SVI; and
- [SVI Practice Interviews](#), two interviews each including six questions for completion in the same video interviewing environment as the actual SVI

We hope you find these free resources helpful. Please accept our best wishes on a successful recruitment cycle.

Cordially,

B. Renee Overton, M.B.A
