Hello,

A weekly Wire posting for the Class of 2019

Remediate/Rescheduled Clerkship Exams: Per the [Student Handbook](#), students who have been given permission to remediate or delay an exam may do so either during the student's vacation period and within the University's hours of operation, when not enrolled in a clerkship, or *following the end of the Clerkship Year*. Students who are not enrolled in a clerkship may work directly with the Clerkship Coordinator to take the exam during a scheduled exam time for that specific clerkship. Email Jdrouin@med.uvm.edu with questions.

Thank you!

Jacqueline Drouin, M.P.A. [she/her]
