

co2021 SUBMISSION DEADLINE - Apply to be your co2021 Representative for the Committee on Advancement

All Day Event

The Committee on Advancement works to ensure that the academic standards of the College of Medicine are maintained and upheld. There are 15 members including faculty and 1 student from each class. The members of the Committee on Advancement are responsible for reviewing and monitoring the progress of medical students who are struggling academically and assessing their ability to continue in the curriculum. Students elected to the Committee on Advancement are full voting members and serve over the course of their medical education.

If interested, please write a short paragraph to introduce yourself and explain why you would be a good fit to serve on the advancement committee and then submit the paragraph via email to [Cameron Burke \(Class of 2021 Student Council Representative\)](#). This paragraph will be provided to your class to view along with your medical school profile photo, during the election period (via LimeSurvey). Submissions are due by Wednesday, December 13th and voting will run in early January.

The representative will be announced prior to the next Committee on Advancement meeting which will take place mid-January.

Please contact [Student Council](#) with any questions.
