Subject: LCOM E-mail Filter Update

Good Afternoon,

In response to complaints of increased email spam, we will be changing how we filter incoming email. These stricter rules will be implemented on **June 19th at 10PM.**

In most cases, the only impact will be a decreased amount of unwanted mail. Occasionally, though, some mail from UVM and other senders may be erroneously classified as spam. In the coming weeks, please make sure to check your Junk Mail folder so that you don't miss important messages.

Our Service Center is here to help, if you have any questions about this change please contact 6-7300
