Subject: From Dean Page ~ New Executive Assistant named

Dear Colleagues,

I am pleased to welcome Vicki Gilwee to the Larner College of Medicine as my Executive Assistant. To help with a smooth transition, she has begun working part-time with our team for orientation and will begin full-time on December 1st.

Vicki brings more than 30 years of service as Office Manager at the law offices of McNeil Leddy & Sheahan in Burlington. She has extensive experience with business administration, supervision of staff, and project management, as well as accountability for budgeting, accounting and human resources.

I appreciate the work of Brian Cote and the search committee in recruiting Vicki to UVM, and invite you to join me in welcoming her to the LCOM Community.

Rick
