Subject: ERAS Info - USMLE and Med School transcripts
Importance: High

Hi friends, I was asked to clarify how updates to transcripts are handled in ERAS.

USMLE score transcripts do not automatically update in ERAS when a new score posts. You will have to log into ERAS and resend your scores to programs that have already received a score report. Please see page 29 in the [ERAS User Guide](#) for more information on this.

Similarly, med school transcripts do not automatically get updated in ERAS, you will need to request a new version if new grades post and you would like them to be included in your application. You will request an update in the exact same way as the original:

Log into [myUVM](#)

1. In the "issued to" field enter ERAS c/o AAMC

2. In the "send to email address" field enter Emma.Faustner@med.uvm.edu

As long as it is issued to ERAS I'll know what to do with it. Turn around for requests through the myUVM portal is almost immediate and I will upload them ASAP.

The User Guide should answer most of your questions but please let us know if you're unsure about something.
