Subject: Manuscript Submission @ Clinical case studies

Dear Student,

Biocore cordially invites researchers from all over the World to the platform where you can share, exhibit and explore all your views in the field of Clinical Research. IJCC is inviting contributions for upcoming issues.

IJCC welcomes and acknowledges high quality theoretical and experimental research articles, review articles, clinical review articles, practice articles, editorials, short communications, case reports, blogs, letters(rapid responses), personal views, clinical management guidelines, research methods and reporting articles from researchers, academicians, professionals, practitioners and students from all over the world.

Please submit your article online at http://biocoreopen.org/ijcc/submit_manuscript.php or you can email your attachments to ijcc@biocoreopen.info (or)clinicalcasestudies@gmail.com

Suggested topics include but are not limited to

- Clinical and Medical Case Reports
- Clinical research trails
- Nutritional Deficiency & Disorders
- Case Studies in Dentistry, Child health and Gynaecology
- Novel Drug design and its effectiveness
- Case studies in Anatomy, Physiology and Biochemistry
- Patient reports in Dermatology, General Surgery and Family medicine
- Case reports in Human Science extended
- Drug Safety and efficacy

If you face problems with paper submission, please feel free to contact us.

We look forward to receiving your proposals.

With Regards

Editors of IJCC
