**Subject:** New Learning Environment Confidential Reporting Form

***The following is sent on behalf of Dr. Nathalie Feldman, Director of the Learning Environment, with approval from the Associate Dean for Students and the Office of Medical Student Education.***

Dear Students,

We want to hear from you about your learning environment!

To simplify the process, we have created an easy way to acknowledge an act of kindness or share a concern related to behaviors you experience or witness in the learning environment.

Check out the [new web-based, confidential learning environment reporting form](#). (Password = **climate1802**). QR codes for direct access to the reporting form will also be available on the back of your new ID badges, currently in production. The online web link can also be accessed from the COMET Home page, under COMET Tools, the [Learning Environment Website](#) and from all course evaluations.

For more information on what constitutes mistreatment or for examples of excellence in professionalism, check out our [concerns/unprofessional behavior](#) and [accolades/praise](#) webpages.

Thank you for your help in making our learning environment as supportive as possible!

With kind regards,  
Nathalie Feldman
