Subject: MSPE updates
Importance: High

Hi,

Now that your ERAS applications are behind you (congratulations!), I want to update you on your Medical Student Performance Evaluations (MSPEs). Emma and I are finalizing your MSPEs and we hope to have these completed and shared with you for your review by early next week. I really enjoy preparing the MSPE for all of you, because it reminds me of your many wonderful attributes and how lucky programs will be to match you in their residency programs! The MSPEs are released to programs on October 1, 2018, so Emma will be uploading these to ERAS on Friday, September 28th. When you review your final MSPE draft, please review for any grammatical, formatting or factual errors. Emma will notify you when your MSPE is ready for review and please provide your edits to Emma by Thursday, September 27th at noon. If there are any narrative comments you would like to have included you are responsible for working with the course coordinator to ensure these grades/comments are submitted as soon as possible and no later than September 26, 2018. Please let Emma or I know if you have any questions. We look forward to working with you throughout the exciting application season!

Kind regards,
Christa Zehle, MD
