

## **co2021/co2019 APPLICATION DEADLINE - North American Society on Thrombosis and Hemostasis (NASTH) Student Research Fellowship**

### **All Day Event**

The North American Society on Thrombosis and Hemostasis has issued a call for applications for a funded Student Research Fellowship. This is open to 1<sup>st</sup> to 3<sup>rd</sup> year medical students, PhD students or MD/PhD students. The research focus may be lab-based, clinical or epidemiology research. Applicants are required to develop a research proposal in consultation with their mentor that can be completed within the 8 - 10 week fellowship period. Prior research experience is not required but is considered favorably, along with demonstrated academic achievement, service and leadership.

[Christina Cahill](#), a 4<sup>th</sup> year student is a current recipient from UVM, working with Dr. Mary Cushman in the department of medicine.

Fellows receive a \$5000 stipend and \$2000 travel allowance for attending and presenting results at a professional meeting. A mentor is required and that mentor receives a \$1000 stipend.

The application deadline is March 30, 2018 and winners are notified April 15.
