Subject: Following up on the scholarly opportunity for your students

Dear Student Services,

I am writing to follow up on a previous email about the free USMLE question bank that I have been developing. Thank you for passing along this opportunity to your medical students.

We have been fortunate to have a number of your students become involved and some who are now members of our Editorial Review Board. Our site has launched at www.ExamCircle.com and has over 1300 free USMLE Step 1 questions and explanations with Step 2 to follow soon.

I would be most appreciative if you would consider forwarding information about this resource to your students. The opportunity remains for any students who wish to contribute questions to this QBank as a way to help build their CVs.

Sincerely,
Ted O'Connell
