

WANTED: 4TH YEAR MED STUDENTS!

To join nursing students in the Sim Lab

Experience Highlights:

- Lead nursing team during a cardiac arrest in the 'hospital setting'
- Employ ACLS algorithms
- Practice interprofessional teamwork and communication skills

Med students who participated in the past say:

"Every med student should have this experience"

"I would not otherwise have the opportunity to practice team leadership"

One or two med students for each of the dates below.
