Methods: REDCap online survey was distributed starting May 18, 2020 to primary care professionals and organizations nationally, including: NAPCRG, AAFM, CFHA, SGIM, UVM Medical Center, Kaiser Northern California, California Nurses Association, reddit, twitter, etc. Recruitment efforts will continue throughout the COVID-19 crisis. Participants can choose to complete the survey once or several times. The survey occurs weekly and is dynamic in order to include pressing questions.

Participants: As of July 6, 2020, we have recruited 534 respondents from 48 states. including 38% physicians, 8% nurse practitioners and physician assistants, 17% nurses, 10% medical assistants, 14% behavioral health providers, 7% administrative support staff, and 6% other; 76% of participants are women, 83% white, and the average years working in their current role is 10 years (median: 0.1 to 70 years).

Note: These preliminary results should be interpreted with caution. The small sample size makes the current findings not generalizable. Meaning that we cannot assume these data represent all primary care professionals.
