Subject: Proximity map for obtaining a parking pass

Hello Gradnet,

If you have been affected by the recent adjustments to the proximity map and are no longer eligible for a parking pass, please fill out this short survey:

<https://www.surveymonkey.com/r/Z8CSR9N>

The graduate student representatives for the Transportation and Parking Services Advisory Committee (TAPSAC) are collecting data to present to parking services in an effort to communicate how these adjustments will negatively impact graduate students and propose possible changes.

Best,
Jessica L. Bocanegra
